About me

I'm an IT Executive with experience in client communication, tech support, and managing software updates. I work closely with clients and internal teams to make sure everything runs smoothly. I'm also passionate about UI/UX design and front-end development—I love building clean, user-friendly interfaces that look good and work even better

Professional Experience

IT Executive

Seven Senki Information Technologies, Malabe **2024 – Present**

- Communicate with clients to gather and prioritize technical and business requirements.
- Coordinate between the client company and internal IT/development teams to ensure smooth project execution.
- Perform testing of new software releases and updates to ensure quality and functionality.
- Provide technical support and issue resolution post-deployment.
- Notify clients after successful updates and ensure satisfaction with delivered changes.
- Maintain clear documentation and follow-ups on all client interactions and issues.
